CASTELLA

Fine Architectural Hardware

PORTFOLIO

PORTFOLIO EDITION ONE

Fine Architectural Hardware

We believe in architectural hardware that transforms. We believe in beautiful function. We believe in sophisticated elegance. We believe in design.

The timeless Castella Collections are globally sourced, locally curated and deliver the most sophisticated and beautiful range of fine architectural hardware to Australian architects, interior designers and clients.

The contemporary forward thinking collections are underpinned by quality, craftsmanship and an uncompromising design aesthetic.

The Castella Collection is a place where high performance intelligent design and respect for tradition are embraced, a place where style goes hand in hand with function.

The Artisan Collection

The Artisan Collection fuses the raw and the refined. Expertly crafted pieces inspired by nature, dominate and delight as touch and texture are celebrated.

Featuring Castella Vogue Handle (708.192.15) in Satin Chrome (see page 109). Kitchen Manufactured by International Cabinets for JAV Developments (WA)

The Provence Collection

The Provence Collection features a range of Italian handles made entirely of bronze and are hand-crafted using the same casting techniques used in ancient times to build weapons and armour.

Exclusively Made in Italy to order. Please allow 6-8 weeks for delivery.

Bespoke Finishes

We offer the following special finishes:

Matt Black (Dulux ELECTRO3 'Black Ace' - 9116F)
Matt White (Dulux ELECTRO 'Flat White' - 1200F)

Warranty

All Castella knobs and handles carry a Lifetime Warranty.

We will happily replace any item if the finish has broken down where adequate care has been taken in cleaning the item.

Caring for your Castella Hardware

Firstly, not all finishes are created equal. Some finishes are designed to retain their original lustre for years; others are created to age and patina over time.

Whichever Castella finish you have chosen you can be certain it will add beauty to your home for years to come if you take a little time to care for them.

All finishes should be regularly cleaned with a mild soapy water solution and a soft cloth and wiped dry. To further enhance and protect the finish a non-abrasive furniture grade polish (eg Mr Sheen) can be applied and buffed with a soft dry cloth.

Never use abrasive cleaners or scouring pads on your Castella handles.
This may void your warranty.

Stainless steel products will require special care as, depending on the environment they are in, they may develop 'tea staining' over time. It is not a fault of the base material or the finish; rather an indication the surface has become contaminated and left uncleaned.

If your Castella product has become heavily stained and normal cleaning processes do not restore the finish, please contact us for advice on correct procedure to clean.

CASTELLA

We believe that quality is timeless.

Speak with one of our experienced team members to discuss your next project or requirements.
